Experience

TijaraHub

May 2025 - Present

Cairo, Egypt

Frontend Developer - Full-time

- Collaborated with development team to translate design mockups and user stories into functional and responsive web pages to create the main landing page.
- Ensured cross-browser compatibility and responsiveness across various devices for an optimal user experience.
- Utilized Storybook to showcase component variations, interactions, and usage examples, facilitating collaboration and maintainability.

Projects

Space Website | React

June2024

Great website UI

- Responsive Front-End Development:** Designed and implemented a fully responsive web application using React, ensuring optimal performance across desktop, tablet, and mobile devices.
- Clean Architecture:** Structured the codebase with reusable components, meaningful variable names, and concise documentation to maintain scalability and ease of collaboration.
- Modern Design Integration:** Accurately translated UI/UX designs into interactive interfaces, focusing on accessibility, layout precision, and smooth user experience.

Education

University of Assiut

2019 - 2023
